

Guidance: Title IV and Hurricane Harvey

On August 29, the U.S. Department of Education released Dear Colleague Letter GEN-17-08 with instructions on helping Title IV participants affected by major disasters.

If you were affected by Hurricane Harvey and have concerns about your student loans, the letter and its attachment address these concerns and other problems stemming from major natural disasters, including lost records, late financial aid disbursements, satisfactory academic progress, and verification issues.

You can read the letter and its attachment here: <https://ifap.ed.gov/dpcletters/GEN1708.html>
